Commissioner of Indian Affairs  
Washington, D. C.

Dear Sir:

Reference is made to Office letter of November 7, 1929, relative to allotment and annuity roll numbers shown on my 1929 census roll.

As the space for these numbers on the census blank is limited, it was thought that only one number was desired, that number to be the one which was used as a permanent identification of each individual Indian.

At this Jurisdiction all allotted Indians are identified by their allotment numbers. A folder is kept in the files under the allotment numbers, which contains all records and information referring to the individual Indian. For this reason the allotment numbers only were shown on the tribal census.

Work is now going forward in this office to give each unallotted Indian an identification number, after which unallotted folders will be prepared and placed in the files on the same plan as those for allotted Indians. It was therefore planned to show on the next census the allotment numbers of all allotted Indians and the unallotted numbers of those who did not receive allotments. The unallotted numbers would be preceded by a 'U'. The work of identifying the unallotted Indians has not been done heretofore, for the reason that for several years past my office has been operating with a short clerical force. Last June, however, the force was increased and we have been able to do considerable needed work, which was heretofore necessarily neglected.

There will be considerable work to adding the annuity numbers to the tribal census, and as these numbers change from year to year, it would seem that they were of little value as identification. However, if the Office considers these annuity numbers necessary, my office will be pleased to add them to the census upon return of the same.

Very truly yours,

A. F. Haas,  
S. A.

Dear Mr. Haas:

Office records indicate that both allotments and annuity payments have been made at your jurisdiction. In the column on the 1920 census roll in which this information is to be furnished you have listed only one number in a given case. The Office is unable to determine whether this is an allotment or an annuity number. Indications also are that you have not furnished both. Please forward an explanation in this connection, and if necessary the rolls will be returned for correction.

Sincerely yours,

Commissioner.
